We the People 232 **The Truth about Christmas 2016**

Good day to you. One of the very best and most fulfilling past times of my life is to be involved in radio 4CRB and there is good reason for that. It's a family radio station with very high standards and provides the truth for the good folk who listen. By this I mean moral truth in music, news and the various discussions and presentations which are broadcast. It gives witness through Christian standards on how best to run a community service and business for the people and has done so for years consistently bringing solace and peace to many, yet it is courageous in its representation of the truth. Now in today's troubled world, peace is rare and the path of governments is mostly corrupt and intertwined with brute force, money and power. It is an ugly world where so much is in catastrophic decline as we the people burn the garden of Eden just to boil the billy. Man's carnal needs are now paramount as the spirit withers.

Much is said about a **secular society** being one which separates religion from government, bearing in mind that I don't believe Christianity is a religion as they are manmade while Christianity is the unique connection and the truth between 'we the people' and our creator. Yet despite this, the new **secular 'religion'** is just an excuse to drive out Christianity from many countries and especially Australia. Every year Christmas is deliberately made less important by government and this year the politically correct but sterile Palaszczuk state government have handed the authority to school Principals to unilaterally decide whether their school will even acknowledge Christmas. What abject nonsense and this is not the job of government nor does it represent secular administration, rather it is quite simply social engineering by governments who do not accept we have a spirit. It is a gross misuse of power.

Christmas is a time of reverent celebration of the birth of Jesus Christ who is the most influential and perfect person to ever walk the earth. Christ represents all that is good and preached love not jihad and trust not betrayal and truth not lies and deceit. Our society is based on Christian principles yet we as a nation are turning our back on these truths through political correctness, a divided society and of course that 'old chestnut' of secularism. We are fools.

Remember the words from the great tome as we approach Christmas..... *"and suddenly there was with the angel a multitude of the heavenly host praising God, and saying, Glory to God in the highest, and on earth peace, goodwill toward men".... and .....* *"for unto you is born this day in the city of David a Saviour, who is Christ the Lord"*. Magnificent words to bring hope and free-will to all mankind. It's nearly Christmas again and as the years pass, Christmas seems to come around far more regularly yet the reality should be that we rejoice in the Christian faith all year round for peace and goodwill and to be an example to all around us.

My friends, you won't believe it but some folk say I'm odd even a little assertive and so in keeping with that perception I reflect on the Hollywood movie "A Few Good Men" with Tom Cruise and Jack Nicholson. Under inordinate pressure and questioning in the military court the belligerent General, played by Nicholson, gives a powerful monologue and a particular phrase forever enters the modern vernacular..... *"you can't handle the truth"*. So this is also true of modern society and of governments and the politically correct dictators who believe Christianity is irrelevant. So I say to all of them this yuletide and at this miraculous time of year, it is you who **can't handle the truth**. This coming year make it a resolution to regain or increase your faith in the creator and make your life better and prepare for the future because if you are a Christian you certainly can handle the truth. I wish all of you a wonderful holy Christmas and that you and your family will be healthy and happy and remember.....the truth will set you free, if you let it. I'll be back in February with more challenging truth for the new year.

**God bless you and until next time this is Kent Bayley**
