

Newcastle Youth Industry Partnership Program.

About the Program.

The Newcastle Youth Industry Partnership Program (YIPP) is an initiative developed by Career Links and supported by the city of Newcastle to **increase workplace learning and employment opportunities for youth in Newcastle.**

The program is designed to help young people develop the skills they need to become valuable members of a Business like yours.

Career Links has over 20 years experience organising workplacements, industry visits, guest speaker visits and a variety of other programs designed to assist young people to make successful transitions to a career.

Employers can get involved in a number of ways

Work Experience Opportunities

Trial a young person to see if they are the right fit for your workplace. The young person will gain practical experience, informing their career choices and building employability skills.

Trainee and Apprenticeships

Offer traineeships, apprenticeships, internships and graduate positions to ensure early career opportunities for young people.

Workplace Tours

Host a workplace tour for young people helping to broaden their awareness of potential careers in your field.

Guest Speaker visits

Be a guest speaker at one of our events. This is a small investment of your time that may make a real difference in a young persons future.

Workshops

Host a workshop for young people to help them gain the practical skills required within your industry.
