We’re here for life.

Dependable healthcare equipment; maintained to exacting standards

> 3502X Operating Table
Operating tables and accessories
A quarter of a century ago the concept of “making it work for you” germinated and developed resulting in the matured Hipac of today that stands tall amongst leading healthcare product suppliers.

From the intensity, pressure and technological environment of the operating theatre to the relaxed and caring atmosphere of the mental health facility, we have the solutions and the experience to make it work for you.

We understand the demands placed upon healthcare department managers, medical professionals and their assistants.

We understand that equipment needs to work on demand, on time, and every time.

We understand that here in Australia specialise healthcare equipment is mostly best sourced internationally where state of the art technology and generous manufacturing quantities can produce reliable and safe products.

We also understand that international product offering doesn’t always suit local practice.

That’s why we operate our own manufacturing facility, backed by a premium after sales national service network, to provide the connection that allows us to delivery a solution that does just that – works for you.

It is likely that you have already experienced the Hipac advantage. If not we look forward to exploring how we can best make it work for you.
Mission

We’re here for life.
We’re here to preserve life, to protect life and to promote life.
We’re here for others and we’re here for good.

Vision

A vibrant enthusiastic team of dynamic individuals possessing a genuine interest in the needs of those surrounding them, whose attitude and actions benefit not only our clients and their patients but reach out to touch humanity.

Our staff find work rewarding and enjoyable and our customers find engagement with them fulfilling. Stakeholders are satisfied and supportive.

A carefully selected portfolio of solid reliable products is sourced from a long lineup of manufacturers worldwide seeking well supported representation throughout the country.

Growth is sustained by the energy of a service division unequalled for its reliability, dependability and efficiency. It will be capable of a four hour response time anywhere on this vast continent.

Relationships formed will endure.

Guiding Principles

Integrity
Open, honest and loyal in every sphere and relationship.

Selflessness
Put the needs of others ahead of my own.

Consideration
Possess a caring and considerate disposition.

Courtesy
A smile, a kind word, a greeting costs nothing but is priceless.

Generosity
Display a spirit of generosity, kindness and compassion.

Orderliness
Maintain tidy and safe facilities, work areas and practices.

Effectiveness
Do it once, do it right and do it in the least amount of time. Be punctual.

Communication
Keep customers, suppliers and fellow workers informed.

Recordkeeping
Maintain accurate records for a better tomorrow. Be accountable.

Innovation
Do it smarter, better, quicker. Think outside the box.

Action
See a need do something about it... now.
The 3502X is a leading edge surgical table offering the most versatile imaging capabilities.

Delivering Innovations in Surgical Imaging
Flexibility for Patient Care

195mm Slide to Head
335mm Slide to Foot
The 3502X Top Slide Surgical Table is designed to meet O.R. Suite demands of the 21st Century, including every day reliability and performance.

The 3502X is a universally versatile surgical table providing excellent imaging flexibility, clinical adaptability and cost effectiveness.

EZ Slide provides an impressive range of full body imaging and articulating table functions as required for C-arm imaging orientations, without the use of multiple support accessories or having to reposition the patient.

One touch of a button does it all!

**Extreme Stability**
530mm of top slide, 318kg lift and 272kg articulation capacity.

**Maximum room for surgeons feet**
Ergonomic, narrow base design.

**Optimal radiolucence by design**
Superior table top structural support eliminates metal frame interference for radiological images.

**User friendly operation**
Illuminated, one touch heavy duty pendant control.

**Versatile accessories**
Hundreds of accessories are available for every application. EZ Slide is equipped with standard side rails to accommodate customer owned accessories.
Imaging Area

**Upper Body Imaging Coverage**
- Pacemaker Insertions
- Hickman Catheters
- Broviac Insertions
- Shunts
- IVC Filters
- Lung Biopsies
- Cholangiography
- Cardiovascular
- Thoracic
- Kidney
- Gall Bladder
- Laparoscopy
- Total Hip Revisions
- Ophthalmic
- Orthopaedic
- Upper Limb Arthroscopy
- Neurosurgery
- Spinal
- Implantable Defibrillation
- Endoscopy

**Lower Body Imaging Coverage**
- Spinals
- Femoral Popliteal Bypass
- Laser Angioplasty
- Endovascular
- Orthopaedics
- Lower Limb, Non-traction
- Orthopaedics
- Laparoscopy
- Upper Limb Arthroscopy
- Cystoscopy
- Endourology
- Gynaecology
- Abdominal
- Nissen Fundoplication

*Head section can be used as foot extension.*
The 3502X hand control is designed to ensure it is the most durable yet easy to use pendant control from any location around the surgical table, with convenient back-lighting for high visibility when working in low light environments.

- Simple one touch operation
- Back-lit control for high visibility
- Audible alarm for kidney bridge, back up, articulation, top slide obstruction
- Anatomically correct return to level
- Top slide return to centre indicator
- Recessed buttons to eliminate accidental activation
- Exceptionally durable rubber encased steel housing
- Water resistant
- Can be used in conjunction with optional three function foot control
3502X optimal imaging coverage

318kg lift and 272kg articulation capacity

Battery Life Indicator on Table Base

Adjustable Head Section with Quick Release Bar for Emergencies

Full Length X-Ray Top Accessory available for Image Capture

Secondary Function Switches to Backup Primary Control

Power Kidney Bridge for Safe and Easy Positioning
3502X Operating Table

Durable, Back-lit Pendant Control

Manual Emergency Brake Unlock

Self Levelling Brakes for Stability on Uneven Floors

Unique Table Accessories for Safe and Improved Positioning

530mm table top slide

Optional carbon fibre imaging extension
3502X Positioning Overview

**Gall Bladder/Thoracic**
- Multi Position Armboard
- All Rubber Table Restraint
- Multi Clamp
- Foot Rest

**Vascular/Endovascular**
- Standard Armboard
- Multi Clamp

**Gastro/Intestinal**
- Multi Position Armboard
- Rotary Sure Clamp
- Multi Clamp
- Split Leg Section
- Split Leg Foot Rest
Gyn/Endourology/Cystoscopy
- Urology Bracket Set with Pouches
- Stirrup Clamp
- Lift Assisted Legholders

Kidney/Thoracic
- Multi Position Armboard
- Chest and Waist Support
- All Rubber Table Restraint
- Standard Armboard
- Multi Clamp
- Foot Rest

Ophthalmic/ENT
- Ophthalmic Head Section
- Standard Armboard
- Multi Clamp
- All Rubber Table Restraint
3502X Positioning Overview

Neurosurgery
- Multi Position Armboard
- All Rubber Table Restraint
- Rotary Sure Clamp
- Multi Clamp
- Foot Rest

Spinal
- Multi Position Armboard
- Rotary Sure Clamp

Lumbar
- Multi Position Armboard
- Rotary Sure Clamp
- All Rubber Table Restraint
- 460mm Knee Rest
Shoulder Arthroscopy

- Beach Chair Shoulder Positioner
- Multi Position Armboard
- Sure Clamp
- Foot Rest
- Multi Clamp

Bariatric Surgery

- Table Width Extension
- Extra Wide 75mm Soft Deluxe Mattress Set

Lower Extremity/Endovascular/Podiatry

- Standard Armboard
- 1020mm Carbon Fibre Imaging Extension
### 3502X Table Specifications

**TECHNICAL SPECIFICATIONS:**

- Full function, electrohydraulic battery powered surgical table features 530mm longitudinal top slide, 320kg lift and 275kg articulation capacity.
- Table is equipped with a removable (457cm) power cord for battery charging.
- Four (4) conductive casters provide four point braking system with push button operation, including manual override for safety and stability.
- Hand held, back-lit pendant control includes steel housing design providing extreme durability.
- Pendant permits control at any point around table perimeter.
