

## INTAGlaze Privacy Vision Panel

### Datasheet

INTAGlaze is a tried and tested vision panel that ensures the security and dignity of both staff and service users. The quiet, manually operated panel requires absolutely no wiring or mains power. Fire rated and non-fire rated available.

**Size** Rectangular 254 x 804mm, Square 404 x 404mm or Special Size.

**Finish** 22mm panel: 6mm toughened glass on both sides.  
26mm panel: 6mm toughened glass on staff side, 10mm toughened glass on patient side.  
30mm panel: 10mm toughened glass on both sides.  
39mm panel: 10mm toughened glass on staff side, 19mm toughened glass on patient side.  
Optional: upgrade to toughened laminated glass e.g. 10.4mm thickness (other thicknesses tbc).

**Ironmongery Options** Standard - 8mm Key, Lifeline Key, Thumb Turn/Knob

**Fixing** As per manufacturers recommendations.

**Testing** Cycle tested to greater than 40,000 cycles (10 years typical use).

DISCLAIMER: Please note that Hipac offers a range of measures designed to reduce the risk of self-harm or suicide, and does not offer any guarantee that it will not take place. The solutions have been designed as a deterrent only.

## INTAGlaze Benefits

- ▶ Monitor patients easily and safely whilst still allowing a level of privacy.
- ▶ Staff only need to carry one key to use on both Intastop Removable Door Stop and an INTAGlaze panel (8mm key standard, lifeline key option available).
- ▶ Easy for staff to use whether left or right handed.
- ▶ Ensures staff and patient safety in the event of a fire by maintaining the fire integrity of the door, allowing safe evacuation.

## Cross Section Drawing and Unit Measurements

NOTE All sizes are approximate and as a guide only. Please see Operating and Maintenance manual.

## Fitting Instructions and Beading

NOTE different beading/intumescent required for different glass specifications. See Operating and Maintenance Manual [Separate document].
