

Dependable healthcare equipment;
maintained to exacting standards

Company profile

A leading Australian supplier of reliable healthcare products closely supported by a premium national after sales service network.

We're here for life.

Hipac – making it work for you

A quarter of a century ago the concept of “making it work for you” became the foundation which has developed, formed and ensured the Hipac of today stands tall amongst Australia’s leading healthcare product suppliers.

From the intensity, pressure and technological environment of the operating theatre to the relaxed and caring atmosphere of the mental health facility, we have the solutions and the experience to make it work for you.

We understand the demands placed upon healthcare department managers, medical professionals and their assistants.

We understand that equipment needs to work on demand, on time, and every time.

We understand that here in Australia specialised healthcare equipment is mostly best sourced internationally where state of the art technology and generous manufacturing quantities can produce reliable and safe products.

We also understand that international product offering doesn’t always suit local practice.

That’s why we operate our own manufacturing facility, backed by a premium after sales national service network, to provide the connection that allows us to deliver a solution suited to your specific requirements.

It is likely that you have already experienced the Hipac advantage. If not, we look forward to exploring how we can best make it work for you.

Mission

**We're here for life.
We're here to preserve life,
to protect life and to promote life.
We're here for others and we're
here for good.**

Vision

A vibrant enthusiastic team of dynamic individuals possessing a genuine interest in the needs of those surrounding them, whose attitude and actions benefit not only our clients and their patients but reach out to touch humanity.

Our staff find work rewarding and enjoyable and our customers find engagement with them fulfilling. Stakeholders are satisfied and supportive.

A carefully selected portfolio of solid reliable products is sourced from a long lineup of manufacturers worldwide seeking well supported representation throughout the country.

Growth is sustained by the energy of a service division unequalled for its reliability, dependability and efficiency. It will be capable of a four hour response time anywhere on this vast continent.

Relationships formed will endure.
