

The Shark and Ray

marine

Program

The tailor-made
Marine Program.
Practical experiences in
an aquatic environment

An exciting and safe way to meet the ocean's most awesome critters in the worlds first totally interactive aquarium.

Marine program

The Great Aussie Bush Camp introduces students to the enormous diversity of life found in the sea. We have created a unique, engaging, children's Marine Program along with The Australian Shark and Ray Centre in Port Stephens for children ages 3 to 15 years old. The program is led by certified professionals and is offered exclusively to all students attending the Camp.

Our program will cover the syllabus indicators and is run over 2 to 3 days. It includes any or all of the following:

- Hand feed 3 metre long sharks, 300 kg rays & huge fish for the thrill of a lifetime in the tank or from the side
- Discover the diversity of life forms in the sea
- Why are there so many phyla found in the sea?
- Respect and caring attitudes to the ocean and its life forms
- Tackling key issues relating to the marine environment
- All meals and Accommodation in lodges, bunks or tents
- Challenging outdoor adventure activities facilitated by our qualified team members including night activities.

All of our programs are developed by our highly trained team members who are always happy to tailor a program to suit your needs. Team members are also available for presentations to teachers, parents and students at your school.

In association with The Australian Shark & Ray Centre
