

G-WASH™ VEHICLE & EQUIPMENT DEGREASER

A high performance, non-corrosive, bio-based vehicle and equipment wash

A powerful bio-based cleaning solution that lifts soiling off vehicles and equipment while protecting paintwork. Removes the toughest deposits, has good foaming properties, and is not affected by water hardness. Cleans glass as well as the rest of the vehicle exterior, reducing required inventories and wash time.

- High-tech vehicle and equipment wash
- Non-toxic, no hazardous chemicals
- From readily renewable resources
- Safe to use, store, and dispose of
- No colours or fragrances
- Non-reactive to surfaces
- Readily biodegradable
