Coaching Panel and Training Supervisor Appointments

The Board of Management is pleased to announce the below appointments for the 2017 season. The Southern Umpires has a strong history of developing coaches internally and we are proud to have retained many coaches from previous seasons and promoted new coaches from within. All coaches have vast experiences in umpiring and will look to build on the wonderful work of previous coaches by working with every umpire to improve and develop across all leagues we service. We congratulate them and look forward to a big 2017.
