Let the enthusiasm and energy of the group be your fuel

M30 a cardio & conditioning program consisting of a mix of aerobic & strength exercises. Each class you will experience different exercises & timing to achieve incredible results.

AQUA water based class designed to improve cardio fitness, muscular strength & endurance; without impact on your joints, making our aqua workouts safe & loads of fun.

RAISE THE BAR full body workout, that will smash calories, tone & shape your entire body. Using weights, high reps & the overload effect - an ultimate conditioning workout.

STEP aerobic exercise distinguished from other types of exercise by its use of an elevated platform, the step. The height can be tailored by adjusting the risers under the step.

PILATES combination of stretch & strength exercises to improve your balance, core & flexibility, through the development of postural strength & skeletal stability.

ROLLATES is an action packed core workout using all Pilates based exercises performed with the Foam Roller apparatus. Great for your weekly core express session.

CORE 30 give your core the attention it needs to support your training. A 30min session that targets abdominal muscles & stabilizer muscles to improve your overall strength & stability.

BODYFLOW combines a fusion of Yoga, Tai-chi and Pilates choreographed to music. To improve your posture, balance, flexibility and assist you in finding your inner calm.

HIIT (High Intensity Interval Training) accelerates fat burning through high intensity cardio. You control intensity & ultimately any improvements in power or fitness.

DEEP H2O RUNNING exercise suspended in water, whilst wearing a flotation belt. Your feet can't touch the bottom of the pool. A high intensity & total body blast with no impact.

FREE STYLE FRIDAY come along and finish off the week with a challenge. Instructor and format will be announced in the Centre, on Facebook & Instagram.
