

Monday 26 July 2021

Dear Parents and Caregivers

Rostrevor College will return to face-to-face teaching and learning on **Wednesday 28 July**. We understand that there will be cases where your son will not be able to attend on Wednesday and, in such circumstances, there will be an alternative learning model available.

Additional information and details will be communicated tomorrow but at this stage I can advise that:

- School buses will resume pick up and drop off from Wednesday 28 July. Students are required to wear masks while travelling on buses or trains.
- Parents are asked to drop students at the gates and to please respect social distancing.
- Visitor access to the College campus will be restricted until further notice.
- There will be no training on Wednesday night and no instrumental lessons this week
- All excursions and trips planned for this week will be postponed.
- Advice on other events, gatherings and co-curricular activities will be shared in the coming days.
- If your son presents any cold-like symptoms, please ensure that he remains at home and has a COVID-19 test. Once you receive a negative result and his symptoms subside, he may return to school.
- A useful student guide to [Coping during COVID-19](#) has been shared on this page under **Helpful Links**.

Thank you once again for your continued support.
