Last week saw Rostrevor begin its match against Concordia lackadaisical. However, this week saw the opposite versus St Michael's College with Rostrevor jumping out to a nine-point lead in the opening minutes against a side far stronger than last week's. From this early start, the First V was able to withhold and extend this lead to double digits for the majority of the game. St Michael's kept the pressure on the Red & Black, creating a back and forth contest with some easy baskets at rim.

Tyson White stepped up this game with some consistent finishing in the paint against opponents similar in size, scoring through contact and converting an and-one to get the team up and about. In addition, Darcy McNamara's electric play off the dribble granted some tough, well-needed buckets to keep St Michael's at bay. Zach Tripodi also chipped in with a three pointer in transition right in front of Rostrevor's bench, which proved to be a huge momentum booster.

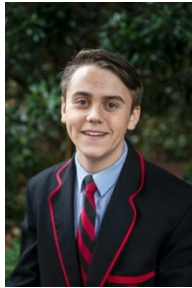

However, as the last quarter was nearing its end, and the game reaching out of sight for St. Michael's, they ramped up the pressure. Almost successful in their approach, the lead that had reached as large as 15 points was soon reduced to less than six points within the final minutes. However, Coach Mr. Steel called a timeout for his players to relax, regroup and remain focussed on holding their lead. Coming out, the Red & Black was able to hold out, with some strong defence in the half court which enabled it to finish the game, winning by a margin of eight points.

Despite the last quarter performance being sub-par on Rostrevor's behalf, the team looks to carry a solid first three quarters of team basketball versus St. Michael's into their final match of the season, as they look to take down Sacred Heart during this year's Intercol.

The second V basketball team faced St Michael's away at Henley Beach this past Saturday. Due to rushed offensive movement, and defensively being unable to stop St Michael's 3-point barrage, the Seconds went down against St. Michaels 53-39.

The Second V has previously started slow out of the gates, and this trend continued against St Michael's as the team found it difficult to find the basket early in the game. This wasn't the case for St Michael's and they were able to pull in front for an early lead. As Rostrevor started to score, it slowly crept back into the game, however, St Michael's was able to respond and at halftime had established a decent margin.

The Seconds had some good offensive bursts in the second half and were able to break the St Michael's defence. However, we still continued to rush on offense after defensive stops. Not making our true achievement on defence felt on the scoreboard, Rostrevor lacked the energy and enthusiasm to overcome the early deficit and remained behind the rest of the match.

Rostrevor Second V basketball is hoping for a good result on Wednesday, September 9th, as we face Sacred Heart for 97th annual Intercol match-ups.

Rostrevor 2nd XI Report – Week 7 vs Scotch College

Rostrevor 1 drew with Scotch College 1

Written by Braydon Matzick

Football: “A game played on a field between two teams of 11 players each with the object to propel a round ball into the opponent's goal by kicking or by hitting it with any part of the body except the hands and arms.” The beautiful game is enjoyed by 3.5 billion players around the world. It is a very simple game, but it seems the 2nd XI are struggling with it at times. Unfortunately, going into Intercol the Rossi lads seem to lack pace which is important to break down teams. “The gaffer” is getting on our case about doing the simple things right, instructing us to kick the ball against the wall at different speeds to get our first touch right. As a player of the wonderful game, this isn’t very encouraging on the level of skill we are showing. Hopefully, the boys get it all together for Wednesday’s Intercol match against the Hearts...

Enough of that. Now, about the game. The boys started off a bit shaky with the Rossi lads playing into the wind which was difficult for us defenders. With the Scotch lads playing the long ball, Daniel Malatesta was involved early. A couple of minutes before halftime, after a long ball from myself found the feet of Seb Russo who then faced a one-on-one with the keeper, Seb is brought down and we get a penalty. Seb takes it and we go up 1-0. We all got around the big man. Scotch wasn’t anything special, which led us to start hammering the goalkeeper with plenty of shots. From here on in, we dominated until halftime. Gaffer had another inspiring speech which seemed to get the boys hungrier to score more and more.

A few changes at the half left the defenders a bit wonky. After taking kick off we lost the ball straight away and, as simple as that, they score. Our heads didn’t drop, the Rossi spirit helped us lift. But our goalkeeper went down with a niggler from the first half. We were lost, we were looking to Edmund Rice for some help. Up stepped the head prefect-elect Manish Augustine who put on the gloves and looked like Gordon Banks. He pulled off many simple saves and some saves that normal keepers will struggle with. With minutes to go, we are looking to get the win, but with an unfortunate bounce in front of our star player Giuseppe Ruggiero, the chance went begging. We left Scotch with our head down, but we are looking to bounce back against the Hearts on Wednesday.
