What is your pathway to excellence?
Vocational Learning in pursuit of excellence at Gleeson College
At Gleeson College we offer traditional SACE completion with ATAR as university entrance packages. We also facilitate a variety of pathways that include vocational qualifications AND keep the university option open.
Traditional university or college pathway

This is the standard enrolment pattern for students who aim to start university studies the year after Year 12 is completed.

- Research Project in Year 11
- 5 SACE subjects in Year 12

OUTCOMES:
SACE completion and ATAR
Packaged Pathways

The next slides in this presentation show training pathways that Gleeson College students have accessed in recent years. They are successful examples and there are many other options available.

If you have a different pathway or VET course in mind, please discuss this with the Flexible Learning Coordinator who can assist you with developing your VET and SACE education and training plan.
