Message from the Principal's desk:

Dear teachers, parents and Students, we are well aware that schooling is our first contact with the world, a period of joy, healthy competition, fearing, adjustment, sharing and love. It is not the wide open spaces, classrooms, the library, laboratories or the large fields that make the school. It is in the heart of the students and staff that the true institution exists. That is what we the Lasallian educators are determined to do by providing all the possible curricular and co-curricular activities to our students.

I believe that Learning is not a process limited to schools and colleges only, nor does it end with the conclusion of one’s school career. It is indeed a lifelong process. La Salle High School and College Faisalabad is oriented to the total formation of a child and to adaptions of various methods suiting the dynamics of changing world in order to achieve common goals and objectives. It is further characterized by shared vision – responsibility and above all, love and faith in God in order to achieve these goals keeping in mind that we are called to serve those entrusted to our care by touching hearts, teaching minds and transforming lives.

Dear Students, it is my message to you all that the people of fine character live by their values. They are honest and are committed to truthfulness in thought, word and deed. True character thus encompasses the capacity for self-discipline.

Character creates self-respect, which in turn leads to high self-esteem. Maturity is reflected in all aspects of character – the decisions we make, the friends we choose and the responsibilities we accept. Always remember to uphold the dignity of people. Be always ready to give preference to other. What you are is God’s gift to you. What you become is your gift to God. Have something to live for. Bring out the best in you. Also I would like to congratulate all the students and the teachers for actively taking part in various activities starting from the month of April to June 2018 and making it successful.

Lastly I would like to say that being parents, look into the eyes of your child and thank God for giving you a wonderful gift. In a few years from now, they will be soaring to the greater life. As parents it is important to invest your time with them now. God bless us all. Best wishes for marvelous vacation.
