

MOBILE STORAGE SOLUTION FOR BED HEADS & ENDS

BED HEAD TROLLEY: IT910-BLS
BED END TROLLEY: IT911-BLS

Bed heads and ends are constantly required to be removed for cleaning and storage purposes. Developed in consultation with a major hospital, the Polymedic Bed Head Storage Trolley quickly and easily stores head boards and foot ends on a vertical trolley, allowing them to air out and be conveniently stored with ease.

PRODUCT FEATURES:

- Durable, light weight frame for easy use;
- A storage solution that keeps the bed heads and ends off the floor, and mobile;
- Four easy to manoeuvre 75mm castor wheels with braking system;
- Safe storage reduces damage to bed heads and ends, increasing product longevity;
- Numbers can be assessed quickly;
- Sizes can be organised and displayed for easy identification;
- Product meets environmental cleaning and infection control standards;
- Aeration and temperature control promotes better product recovery;
- Standard size: 985(W) x 645(D) x 2015(H)mm, housing up to 36 head boards or foot ends;
- The standard size trolley is built to house the Hill-Rom® general purpose bed, but can be customised to suit any other style;
- OH&S risks reduced;
- Manufactured in Australia.

The Polymedic design team can create products to suit your specific requirements.
