

INTRODUCTION

Introducing VSS's NEW Mobile Surgery service! This is an extension of our long-running referral service and draws on the strengths of our hospital-based teams, offering surgical procedures and physical examinations IN YOUR PRACTICE.

This service is offered by Dr David Cook on a Monday, Tuesday and Friday.

Where the case may require more advanced diagnostics, treatment or surgery and aftercare, treatment in a VSS referral hospital is also available.

Bookings

 **Underwood: 07 3841 7011 | Carrara: 07 5530 6370 | Jindalee: 07 3193 6500**

Contact your nearest VSS hospital. You will be put through to a dedicated mobile surgery service line. If it is not answered, please leave a message.

 **mobilesurgery@vss.net.au**

Calendar bookings can be made here. Please note: bookings and appointments need to be confirmed in discussion with our clinical team. This includes confirming the surgery and/or consultation and best estimate of time on the day.

Pricing

Please refer to our price list for common procedures. We are happy to discuss procedures that are not listed including implants, suture material and other consumables required for the procedure as well as a disposable drape pack.

Staffing

We will (typically) work with your team in YOUR hospital. You will need to manage the anaesthesia and be available to scrub-in (should an assistant be required). A checklist will be provided to ensure a smooth process on the day. We will provide instructions to share with the family for post-operative care.

We are also happy to discuss any other cases or direct you to colleagues in our hospitals for appropriate advice.
