

RSC-1402HW

55" Wide Format Laminate

Built on the platform of the RSC-1402CW 55" laminator, the RSC-1402HW gives the added feature of a heat assist top lamination roller. This unique feature helps activate the adhesive of pressure sensitive laminates for a smooth clear finish and shorter laminate cure times.

Key Benefits

- **Easy To Use** digital controls on front and stylish rear remote and foot pedal for easy one person operation
- **Sturdy** frame construction with dual cross bar supports for additional stability and durability
- **Quick Notch** system for gap adjustment and easy webbing
- **Rear Wind Up Assembly** Included will wind up long runs of material after laminating helping to save time
- **Heat Assist** to help reduce silvering

The RSC-1402HW is a high quality, economically priced cold laminator with top roller heat assist capabilities specifically designed for users to easily and professionally finish wide format graphics. Built for safety and ease of use, this sturdy machine is perfect for laminating and mounting pressure-sensitive graphics up to 55" wide. By adding an optional front roll feed assembly, automatic roll to roll lamination is made very simple
