

Wide Format Dual Hot & Cold Laminators

Dual Thermal & PSA Lamination

Royal Sovereign wide format roll film laminators provide professional laminating for both thermal and pressure-sensitive films as well as mounting of printed graphics. Built for safety and ease of use, these sturdy machines with enhanced features and functions make laminating easier than ever!

Royal Sovereign Advantages

- **Easy to Use** Simple set-up with one button operation. Digital controls for speed, and temperature, foot pedal for hands-free operation
- **Fast Adjustments** Quick Notch system for gap adjustment allows you to change from fully open for webbing to closed for laminating or set to different mounting sizes in seconds
- **Fast Laminating** High quality silicone rollers and durable motor provide for fast finishing
- **Idler Bars** Idler bars add tension and help to eliminate wrinkling while laminating
- **Reliable** All laminators have durable, sturdy frame construction and require little assembly and minimal maintenance

Royal Sovereign offers high quality, economically priced dual hot & cold laminators specifically designed for users to easily and professionally finish wide format graphics. These laminating machines are perfect for laminating and mounting graphics up to 65" wide using thermal and pressure-sensitive laminating films. They have a durable, sturdy frame construction and require little assembly and minimal maintenance. Backed by 30 years of experience, a Royal Sovereign laminator is a smart option for today's full service graphics shops.
