

## THE NEW APPROACH CAREER PATHWAY PROFILING

The Extended DISC is a global leader in Profiling systems and is available to schools and colleges exclusively through 'The Edge Coaching Academy'. This system has been adapted and designed to help senior students find direction and clarification about next steps and a pathway forward where they are most likely to succeed and thrive.

Each student receives a comprehensive personal assessment report, which includes the following key information about a student's:

- Unique natural talents and gifts
- Leading behavioural style
- Primary attributes and strengths
- Communication style
- Motivations and drivers
- Key 'developmental' areas
- Most suitable work environment
- Potential stress factors
- Particular learning style

### The Benefits of the Extended DISC Profile:

- 01** This information acts as a guide to help make the best decision for a student's educational and career pathway
- 02** Students gain invaluable insights into themselves and what makes them 'tick'
- 03** Avoidance of costly higher education mistakes
- 04** Helps students feel more confident about themselves and what they offer in the future
- 05** Increases 'employability' opportunities
- 06** Gives students a distinct advantage in a selection process
- 07** This Profile system is used by organisations in 57 countries across the globe for staff recruitment

### Feedback about the Extended DISC Profile system

*"Doing the Profile was very helpful in increasing my understanding of myself and my motivations and will be sure to implement that knowledge in moving forward in year 12, your help has been amazing"*  
(S.Wyatt year 12 student)

*"Doing the Extended DISC Profile guided me in the right direction when I was feeling unsure and confused. It made everything clearer in my head and made me realise what sort of person I am and what I am capable of achieving. Thank you Karen!"*  
(M. Jenkins year 11 student)
