

Oil Baron Supply

Capability Statement
2020

Oil Baron Supply

"we work
around the
clock so you
don't have to"

Vision and Values

Since day one we have been big believers that customers will never love our company until our employees love it first. We live and breathe this philosophy within our culture.

Vision

To become the market leader in the supply of innovative oilfield solutions in Australia.

Values

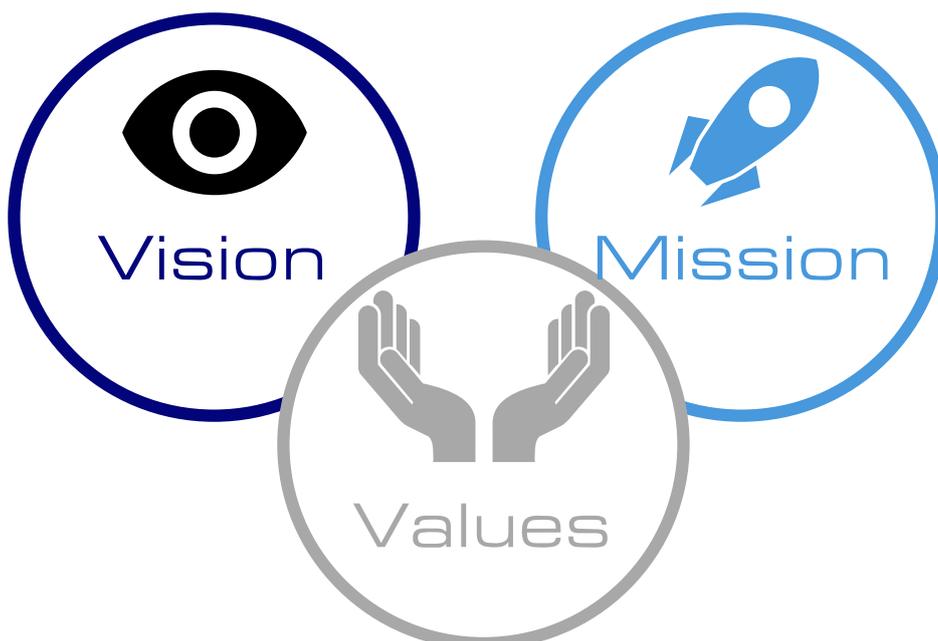

Service - Going above and beyond for our customers is what makes us stand out from the rest.

Reliability - When we say we are going to do something, we make sure we deliver.

Integrity - Doing the right thing, even when no one is looking.

People - Our people are our strength.

Innovation - Ensuring continual success of our business.

Our People

At Oil Baron Supply, our people are our most valuable assets so we make sure we look after them. Unlike larger companies, we do not believe in having silos and hierarchy, employees are encouraged to learn, develop and have fun.

We are committed to the ongoing development of our staff to ensure that our customers have access to the best industry advice, support and most importantly, service.

Our Business

Oil Baron Supply found a gap in the local Australian Oil & Gas market to supply quality oilfield equipment. We have spent a significant amount of time setting up a stock holding and solid supply chain so that our customers can avoid the long lead times that the industry is currently known for.

Our High Standards

At Oil Baron Supply we work closely with the original equipment manufacturers to ensure everything we supply to you meets or exceeds the demanding specifications and conditions of the industry. If its not right, its not right for the job.

Oil Baron Supply are conveniently located in Brisbane, Queensland giving us ease of access to the Surat Basin, Bowen Basin and Cooper Basin.
