RISSB Rail Safety Conference

How Safe is Safe Enough?

31 March – 1 April 2020 | Aerial UTS Function Centre, Sydney

INTERNATIONAL KEYNOTE
Allan Spence, Head of Corporate Passenger and Public Safety, Network Rail

KEYNOTE GUEST SPEAKER
Captain David Evans, Check and Training Captain Airbus A380, Qantas

OVER 50+ INDUSTRY LEADERS from Australia, New Zealand, Canada and United Kingdom

NEW FORMAT FOR 2020 FEATURES:
- Plenary sessions each morning including keynotes, thought provoking presentations and panels
- Concurrent streams on the afternoon of Day One focusing on key safety issues such as track worker safety, RLX, contractor management and systems safety assurance
- Conference Dinner | Australian National Maritime Museum
- 50% Discount rate for all young rail professionals (Under 35)
- A selection of five technical site visits:
  - Sydney Light Rail Randwick Stabling Yard Operational Control Centre (OCC)
  - Sydney Light Rail Heavy Maintenance Facility, Lilyfield
  - Metro Trains Sydney – Maintenance Facility and Control Room
  - Central Station Metro – New Platforms
  - Sydney Trains Rail Operations Centre (ROC)

# RISSB Rail Safety Conference

**Tuesday 31 March 2020**

## DAY 1

### 9:00 OPENING | Opening remarks from the Chair
Deb Spring, Chair, RISSB

### OVERVIEW OF THE DAY

#### 9:10 Chair Morning Sessions
Michelle Nation, General Manager Zero Harm and Rail Safety, Transport and Infrastructure, Downer Group

### OPENING KEYNOTE ADDRESS
Allan Spence, Head of Corporate Passenger and Public Safety, Network Rail

## SAFETY LEADERSHIP & CULTURE

**Safety Culture – From Ideas to Reality**

### 10:00 Rail Safety Opportunities on Major Projects
John Langron, Rail Safety Manager, Sydney Metro

### 10:20 Beyond the Norm
Sandra Wilson-Ryke, SQE Director, Keolis Downer

### 10:40 Leadership BS and Safety
Dr Tim Kuypers, Principal, Walbrook Partners

### 11:00 Networking and refreshment break

### 11:30 PANEL DISCUSSION | Safety Leaders Panel
Facilitated by: Damien White, Executive General Manager – Inland Rail Integration, Australian Rail Track Corporation

Steve Jones, A/Deputy Secretary - Safety, Environment & Regulation, Transport for New South Wales

Catherine Baxter, Chief Operating Officer, Metro Trains Melbourne

Kyle Gallagher, Group Executive Corporate Services & Safety, Australian Rail Track Corporation

Scott Cornish, Executive General Manager, Safety, Risk and Assurance, Queensland Rail

### 12:30 The Benefits of National Harmonisation
Carolyn Walsh, Chair, National Transport Commission (NTC) and Chief Commissioner, ATSB

### 13:00 Lunch and networking break

## 14:00 | TECHNICAL STREAMS

17:00 | End of conference day one

18:00
Conference Dinner at Australian National Maritime Museum, Darling Harbour

Safety will travel from shore to ship at this year’s Rail Safety dinner at the Australian National Maritime Museum. Starting with a pre-dinner exploration of the gallery and its current exhibition, guests will enjoy the museum’s stunning waterfront location on Sydney Harbour while sharing safety learnings and lessons with colleagues. Engage, discuss and debate about our past and our future.

Open exclusively to speakers and conference delegates, be sure to join us in a night of relaxed networking for one of the true highlights in the rail industry calendar.

11:00 Networking and refreshment break

11:30 KEYNOTE SPEAKER
Captain David Evans has more than 40 years’ flying experience and accumulated in excess of 23,000 hours in the air. For 25 of those years David has been a Check and Training Captain with Qantas on the international fleet and he has qualified in “Air Accident Investigation” and “Human Factors”.

In 2010 he was the Check Captain on board the Qantas QF32 during an “uncontained engine failure” resulting in serious damage to the almost brand new A380.

Captain David Evans will share the real value of human factors in helping us to make the right decisions when things go wrong.

Captain David Evans, Check and Training Captain Airbus A380, QANTAS

12:30 Lunch and networking break

SPONSORSHIP AND EXHIBITION OPPORTUNITIES

The RISSB Rail Safety Conference will bring together government bodies, railway operators, engineers, project managers and industry experts and stakeholders from across the rail safety spectrum. To showcase your services, expertise and product to the rail safety professionals and decision makers at this established industry gathering, contact Sarah Ingram, Sponsorship & Exhibition Sales Manager on +61 406 530 043 or email: Sarah.Ingram@informa.com
RISSB Rail Safety Conference  
Wednesday 1 April 2020 | SITE VISITS

We’re delighted to offer attendees a choice of the following concurrent site tours for RISSB’s Rail Safety Conference 2020.

All tours will involve public transport, specifically light, passenger and/or metro rail. The Aerial UTS Function Centre is a short walk from Central Station and rail proves the most timely transport mode for all the locations being visited.

**Sydney Light Rail Randwick Stabling Yard Operational Control Centre (OCC)**

1:30 – 4:00pm

The Randwick Stabling Yard houses Sydney’s fleet of 60 new light rail vehicles. After a day’s service, the fleet undergoes daily light maintenance works such as cleaning, sandbox servicing and vehicle inspections at the yard.

**Sydney Light Rail Heavy Maintenance Facility, Lilyfield**

1:30 – 4:00pm

Delegates will visit the new maintenance facility in Lilyfield – an important part of the light rail network that will keep the light rail vehicles in working order. Up to six light rail vehicles will be able to be serviced at one time in the Lilyfield depot with wheel repairs and replacements, structural and mechanical repairs carried out as needed.

**Metro Trains Sydney – Maintenance Facility and Control Room**

12:30 – 4:00pm

Sydney Metro delivers a new generation of fast, safe and reliable train services and attendees will have the opportunity for a guided visit the Metro maintenance facility and control room at Tallawong.

**Central Station Metro – New Platforms**

1:30 – 4:00pm

Delegates will have the opportunity to visit the works underway as part of the Central Station Metro $955 million contract awarded to Laing O’Rourke to deliver the new Sydney Metro platforms under Central Station as well as the landmark Central Walk – a new underground pedestrian concourse to help customers get around Sydney’s busiest railway station.

**Sydney Trains Rail Operations Centre (ROC)**

1:30 – 4:00pm

Delegates will enjoy a tour of Sydney Trains’ state-of-the-art Rail Operations Centre (ROC). The ROC has modernised how Sydney’s rail network is controlled by incorporating dozens of different systems into a single location and changing its approach to managing trains.

Visit the website for more details including the PPE requirements, timing and capacity for each tour.
