9:40 CASE STUDY
Sydney Convention Centre
The convention centre in Sydney is considered a good example of PPP at its most efficient. Hear how those involved were able to enact a smooth transition from bidding, to procurement, through to construction and completion, including the concept of availability payments.

Kylie Rampa, CEO - Property, Lend Lease
David Riches, Executive Director – Projects NSW, Infrastructure NSW

10:10 FIRESIDE CHAT
'Partnership' as an attitude
- Alliances vs corporate pressures – understanding your partner
- Collaborative contracts
- Coherent and transparent planning to ensure delivery of projects on time
- Tensions within PPP structures

Bill Cox, MD - ANZ, Aurecon
Kerry Schott, Chair, Transgrid
Yvonne Butler, CEO, Australian Institute of Project Management

10:45 Networking and refreshment break

PLANNING AND REGULATION
11:15 How can high value, citizen centric services be delivered through major infrastructure?
Leilani Frew, Executive Director – Head of Commissioning, NSW Treasury

11:45 PANEL DISCUSSION
Managing planning processes to balance community and corporate requirements
- Fast-tracking major projects
- Why has planning become so difficult?
- Transparency on projects
- Intrusive infrastructure to keep cities growing
- Balancing community satisfaction and corporate interest

Carolyn McNally, Secretary, Department of Planning and Environment (NSW)
Paul Oosting, National Director, GetUp!
Peter Bailey, CEO and Chair, Arup
Michael Deegan, Chief Executive, Infrastructure SA

12:30 Lunch and networking break

1:30 TREASURER'S ADDRESS
- Infrastructure trends in NSW
- How conducive is NSW's budgeting and strategies towards growth?
- Pipelines and progress of major projects throughout NSW

The Hon Dominic Perrottet MP, NSW Treasurer

2:00 SHADOW MINISTERIAL ADDRESS
Anthony Albanese, Shadow Minister for Infrastructure, Transport, Cities and Regional Development

ROAD PRICING
2:30 PANEL DISCUSSION
What does the future hold for our roads?
- Disruption in the ways we use our roads
- Potential for altering taxation of road-users
- Implications on infrastructure with driverless and battery powered cars
- Likelihood of change and forecasted pipeline

David Rohrsheim, General Manager for Australia and New Zealand, Uber
Sandra Dodds, Board Member, Roads Australia
Tristan Sender, CEO, GoGet
The Hon Melinda Pavey MP, NSW Minister for Roads, Maritime and Freight

3:30 Closing remarks from the Co-Chair
3:45 END OF SUMMIT
DAY 1 - WED, 28 JUNE

8:00  Registration, Morning tea and coffee

8:45  Opening Remarks from the Editor-in-Chief
      Michael Stutchbury, Editor In Chief, The Australian Financial Review

8:55  Opening Remarks from the Co-Chair
      Luke Houghton, Partner, Deloitte

FUTURE OF INFRASTRUCTURE

9:00  FEDERAL GOVERNMENT ADDRESS
      Australia’s industry position in world infrastructure and key updates
      The Hon Darren Chester MP, Minister for Infrastructure and Transport

9:30  Revolutionising Infrastructure
      - Global approaches to both private and public infrastructure
      - How countries such as NZ, Canada and the US have overcome significant challenges to provide some of the strongest infrastructure industries in the world
      - Case studies of infrastructure project best practice
      - Lessons to be learnt, here in Australia

10:00 PANEL DISCUSSION
      Making prudent decisions on Infrastructure
      - How to prioritise the pipeline?
      - De-politicising decision making processes
      - Support models and training to increase the quality of proposed business cases
      - The importance of ‘enabling infrastructure’ - Transport, Water, Energy and Telecoms
      - Is Australia making the right decisions today, to be an infrastructural and technological world-leader in the future?
      Michael Thorpe, MD and Global Head of Infrastructure, Commonwealth Bank
      Mark Birrell, Chair, Infrastructure Australia
      Chris Heathcote, CEO, Global Infrastructure Hub
      Frank Kwock, Executive Director, Macquarie Asset Management (Macquarie Infrastructure and Real Assets Division)
      Moderator: Marion Terrill, Director - Transport Programs, Grattan Institute

10:45  Networking and refreshment break

11:15  KEYNOTE MINISTERIAL ADDRESS
      Updates and policy changes in urban infrastructure
      The Hon Paul Fletcher MP, Minister for Urban Infrastructure

11:45  INTERNATIONAL KEYNOTE ADDRESS
      Digital Capital Projects: How technology is driving innovation and disruption in Capital Projects
      - How will Capital Projects be delivered in the future?
      - What are the key emerging technologies that will influence and disrupt Capital Projects?
      - Harnessing emerging technologies and building a digital capability to help take capital project delivery and operations to new frontiers of efficiency?
      - Drive value through better insights into operational performance to foster market-leading performance.
      Nick Prior, Global Infrastructure and Capital Projects Partner, Deloitte, UK

MOBILITY

12:15  ROUNDTABLE
      The future of public transport
      - Innovations in both cars and rail, disrupting the current status of public transportation
      - Impacts commercially and socially of change in public transport
      - Increased use of technology - its pros and cons
      Lucy Hughes Turnbull AO, CEO, Sydney Motorway Corporation
      René Lalande, CEO, Transdev Australia
      Andrew Head, Group General Manager, AECOM
      Moderator: Tim Arbuckle, Partner, Deloitte

1:00  Lunch and networking break

BREAKOUT SESSION 1

VALUE CAPTURE
Facilitated by: Prof Corinne Mulley, Institute of Transport and Logistics Studies, University of Sydney

2:00  How infrastructure can increase the value of regional cities
      - How San Francisco emerged as a global technological centre and how it can be applied to Australia
      - How key jobs can be brought to second-tier cities through transport hubs
      - How Australia can progress out of a ‘catch-up stage’ and establish itself as a world leader
      Andrew Whitson, Group Executive and CEO Residential, Stockland

3:00  ROUNDTABLE
      How can value capture be effectively applied to major infrastructure projects, throughout Australia?
      Philip Davies, CEO, Infrastructure Australia
      Michel Masson, CEO, Infrastructure Victoria
      Joe Langley, Technical Director, Infrastructure Advisory, AECOM
      Kim Curtin, Executive Director, NSW treasury
      Moderator: Nick Prior, Global Infrastructure and Capital Projects Partner, Deloitte, UK

BREAKOUT SESSION 4

FUTURE CITIES

4:00  CASE STUDY
      Sydney as a well-connected World-City
      - Sydney as one of the fastest growing cities on the planet
      - How does Sydney intend to become a smart/future city?
      - Cultural place-making
      - Shaping the future of Sydney to establish it as one of the most innovative and connected cities in the world
      Kim Woodbury, COO, City of Sydney

4:30  PANEL DISCUSSION
      Are smart cities better cities?
      - With phrases such as ‘future proof’ being used, are our cities indeed ‘present-proof’?
      - Changes in infrastructure due to increased mobility and connectivity
      - The risks associated with increased connectivity
      - The advantages of cities being connected
      - Responsibility in data accrued from smart/future cities
      - Requirements needed to establish a ‘future city’
      - Urban innovation
      Dr Carolien van Ham, Lecturer, UNSW
      Sandy Burgoyne, Director, Future Cities Collaborative
      Prof John Stanley, Adjunct Professor, Institute of Transport and Logistics Studies

#AFRinfra17
BREAKOUT SESSION 2

INNOVATION
Facilitated by: Richard Fechner, Executive Manager and Global Leader of Infrastructure Investment, GHD Advisory

2:00 Putting people at the heart of digital disruption in infrastructure
- Technology is enabling more effective stakeholder engagement in the development of assets, yet
- Urban environments are becoming more complex
- How do you take an integrated approach to development in a world where consumerisation and disruptive technologies are making centralised governance very difficult?

Thomas Hyde, CIO, Beca

2:30 The driverless world
- Autonomous vehicles programs around the world - successes and failings
- What implications will this have on social infrastructure?
- Exploring the implications both private and public
- What will driverless vehicles mean for road taxing and pricing?

Heath Walker, Head of Marketing & Communications - Australia, Tesla Motors

3:00 FIRESIDE CHAT
Hyperloop One
- Viability of the project and its likelihood of featuring in Australia
- Work of VicHyper & Ultraspeed Australia and their workings with Hyperloop
- The implications of such a project, promising radical change

Zachary McClelland, Project Director, VicHyper
Steve Arts, Director, Ultraspeed Australia

3:30 PLENARY
Summary of Innovation stream
Richard Fechner, Executive Manager and Global Leader of Infrastructure Investment, GHD Advisory

BREAKOUT SESSION 3

FUNDING AND FINANCE
2:00 Do we need a rethink on funding and finance models?
- The reasons why projects aren’t being chosen well
- Private sector funding
- Disruption in the funding sector, i.e. crowdfunding
- Crowdfunded appeals by community groups
- Are Australian financing structures outdated?

Frank Kwok, Executive Director, Macquarie Asset Management (Macquarie Infrastructure and Real Assets Division)

2:30 Shifting Australia’s infrastructure mindset to the long game
- Megatrends
- The inflation of expectations
- Blurring boundaries
- Risking innovation
- Infrastructure businesses being better than infrastructure projects
- Strong institutional memory
- Lack of long-term attitude towards funding and finance systems

Garry Bowditch, Chair, Better Infrastructure Initiative

3:00 ROUND TABLE
What are the major risks of assessing, managing and mitigating major infrastructure projects, both fiscally and from a skills perspective?

Stephen McIntyre, Group General Manager – Health & PPPs, Spotless
Ross Israel, Head of Global Infrastructure, QIC
Paul Oppenheim, CEO, Plenary Group
Craig Whalen, Executive Director, ICG

BREAKOUT SESSION 4

ENERGY & WATER
4:00 Contrast and comparison of water regulation; what can Australia learn from other nations?
- International regulation of water and how it compares to Australian state systems
- What can be learnt from overseas systems?
- Does Australia require a nationalised water strategy?

Jonathan McKeown, CEO, Australian Water Association

4:30 PANEL DISCUSSION
Does there need to be a rethink around energy?
- Recent outages in SA that led to the entire state being without power
- How did it happen?
- How can we ensure it doesn’t happen again, in other states?
- Innovation in green, sustainable and renewable energy sources

Kerry Schott, Chair, Transgrid
Nicola Morris, COO, ARENA
Dean Spaccavento, Co-Founder, Reposit
Chris Joyce, Co-Head Infrastructure, Utilities & Renewables ANZ, Macquarie Capital

Moderator: Tony Wood, Energy Program Director, Grattan Institute

BREAKOUT SESSION 5

HOUSING
Facilitated by: Chris Bratchford, Executive & Director - Housing, Mission Australia

4:00 MINISTERIAL ADDRESS
Approaching the affordability crisis in housing
- New approaches to be implemented by government
- The status of social housing in NSW, Victoria and New Zealand
- What will be put in place so that young people can enter the housing market

The Hon Martin Foley MP, Minister for Social Housing (VIC)

4:30 KEYNOTE
Social Housing vs Affordable Housing
Looking at each concept and trying to distinguish the effect of variables, such as;
- Ageing population
- Unavailability
- Safety
- Homelessness
- Unemployment
- Regional vs Metropolitan
- Social Housing as more than just a physical asset
- International best practice

Brendan Lyon, CEO, Infrastructure Partnerships Australia

5:00 PLENARY
Summary of Housing stream
Chris Bratchford, Executive & Director - Housing, Mission Australia

5:10 Closing remarks from the Co-Chair

5:15 Networking drinks

DAY 2 - THURS, 29 JUNE

8:50 Opening remarks from the Co-Chair

9:00 INTERNATIONAL KEYNOTE
Nationalised standardisation of PPPs
- Good practice found in Canada that allows;
- Cheaper bidding
- More cost-effective tendering
- Opportunities given to encourage, rather than stifle innovation
- Infrastructure trends in Canada and similarities/implications on the Australian industry

The Hon Amarjeet Sohi MP, Minister for Infrastructure and Communities, Canada
CASE STUDY
Sydney Convention Centre
The convention centre is Sydney is considered a good example of PPP at its most efficient. Hear how those involved were able to enact a smooth transition from bidding, to procurement, through to construction and completion, including the concept of availability payments.
Kylie Rampa, CEO - Property, Lend Lease
David Riches, Executive Director - Projects NSW, Infrastructure NSW

FIRESIDE CHAT
‘Partnership’ as an attitude
- Alliances vs corporate pressures - understanding your partner
- Collaborative contracts
- Coherent and transparent planning to ensure delivery of projects on time
- Tensions within PPP structures
Bill Cox, MD - ANZ, Aurecon
Kerry Schott, Chair, Transgrid
Yvonne Butler, CEO, Australian Institute of Project Management

PLANNING AND REGULATION
How can high value, citizen centric services be delivered through major infrastructure?
Leilani Frew, Executive Director – Head of Commissioning, NSW Treasury

PANEL DISCUSSION
Managing planning processes to balance community and corporate requirements
- Fast-tracking major projects
- Why has planning becoming so difficult?
- Transparency on projects
- Intrusive infrastructure to keep cities growing
- Balancing community satisfaction and corporate interest
Carolyn McNally, Secretary, Department of Planning and Environment (NSW)
Paul Oosting, National Director, GetUp!
Peter Bailey, CEO and Chair, Arup
Michael Deegan, Chief Executive, Infrastructure SA

ROAD PRICING
What does the future hold for our roads?
- Disruption in the ways we use our roads
- Potential for altering taxation of road-users
- Implications on infrastructure with driverless and battery powered cars
- Likelihood of change and forecasted pipeline
David Rohrsheim, General Manager for Australia and New Zealand, Uber
Sandra Dodds, Board Member, Roads Australia
Tristan Sender, CEO, GoGet
The Hon Melinda Pavey MP, NSW Minister for Roads, Maritime and Freight
