COME WITH US TO GARMA

Since 2006 we have led more than 200 senior industry, business, education and not for profit leaders to Garma and we are delighted to once again make this experience available to David Liddiard Group partners, clients and friends.

Garma is the place where saltwater and freshwater mix, where balance is sought and solutions are found and where Yolŋu (Aboriginal people of northeast Arnhem Land) and Balanda (non-Indigenous Australians) come together and negotiate knowledge in a respectful learning environment.

Garma attracts an exclusive gathering of political and business leaders from across the globe to help shape global, regional and industry agendas.

Garma brings together people from all over Australia and the world to learn about the Yolŋu way of life. It features inspiring cultural events and fosters dialogue and lively discourse on issues to promote Aboriginal culture, economic development and social empowerment. Garma is a melting pot of Yolŋu people and artists, international visitors, and corporate, community and government leaders.

Every year it is a privilege to be part of this celebration and share in the discussion on topics that affect Indigenous Australians in the 21st century. By coming to Garma with us you will have the opportunity to experience a cultural exchange that is not possible anywhere else.

Garma incorporates visual art, ancient storytelling, dance – including the famous nightly bunggul – and music, as well as other important forums and education and training programs relevant to cultural tourism, craft, governance and youth leadership.

Did I mention that Garma is hands on?

There are opportunities for spear-making, fishing, food gathering, weaving, yidaki workshops, visits to the healing centre, music, ceremony, and medicine. At night sit by the camp fire and learn from Garma Festival Ambassadors such as Jack Thompson, Marcia Langton and Tom Calma or network with other key industry leaders who have a commitment to Indigenous employment and business engagement.

Numbers are limited and we encourage you to register your interest as soon as you can.
