Jonathan Wootliff, International Sustainability Advisor – Based in Prague.
Jonathan is a veteran of UN Climate Conferences and a former journalist turned corporate responsibility consultant, specializing in helping multinational corporations build productive relationships with NGOs, advocacy and activist groups through effective engagement. Based in Europe, he travels extensively within the continent, as well as to the United States and Australasia, where he assists companies in building sustainable development strategies. Jonathan has undertaken client assignments for a wide range of companies including Altria, British Petroleum, Coca-Cola, Colgate-Palmolive, Merrill Lynch, Procter and Gamble, the Society for Worldwide Interbank Financial Telecommunication, Unocal, the Whirlpool Corporation and the Indonesian paper and pulp producer, APRIL. He has extensive knowledge in the energy, forestry, agriculture, food, and extractive industries sectors and provided a daily column on the UNFCCC for the Jakarta Post during the Bali conference.

Anne-Maree Huxley, CEO Models of Success & Sustainability.
Anne-Maree is the Founder and CEO of Models of Success & Sustainability (MOSS) Australia’s newly established industry body for Corporate Social Responsibility (CSR) and Corporate Sustainability. MOSS supports Australian business through education, training, networking and advice to drive sustainability and competitive business success. She is also the co-founder of The One at a Time Foundation, a Director of the Live n Learn Foundation and is trained by Al Gore as a Climate Change Leader.

Ben Strachan, Managing Director Auscarbon International.
Ben founded Auscarbon International in early 2006 when it became clear that Australian business needed real solutions to climate change. He has been an owner, investor and director in a wide range of commercial ventures. He is a keen environmentalist with degrees in Economics and Arts. Auscarbon offers high quality carbon credits and offsets in a retail environment. They also develop and implement greenhouse gas reduction projects including Joint Implementation (JI) and Clean Development Mechanism (CDM) projects under the Kyoto Protocol and Verified Emission Reduction (VER) projects under voluntary and emerging Government programs in Australia.
