Term 2 Pupil Free Days
There are 2 Pupil Free Days scheduled in Term 2 and on both days the school will be closed to students.
If child care is difficult, please note the NPS OSHC service will be open on both days.
On the first day, Monday 21st May, staff will be engaged in a training activity on Design Thinking related to STEM. This training will be led by the school’s Assistant Principal, Ryan Westell. STEM is a departmental new priority that focuses on the practical application of Science, Technology, Engineering and Maths.
On the second day, Friday 22nd June, we hope to finally put the school back together again following the completion of the air conditioning upgrade. On this day all of the main building classes and their associated resources will be shifted back to their intended 2018 locations.

NAPLAN
Next week on Tuesday, Wednesday and Thursday (15th May to 17th May) the annual NAPLAN testing program will be undertaken by Year 3, 5 and 7 students. I personally find the information we gain from this testing program highly valuable. I, therefore, ask all parents to encourage their child to be ready to engage positively in the assessment program.
Parents can withdraw their child/ren and if you intend to do so I would encourage you to contact me ASAP.

Kiss and Drop Zone
If we could ‘wave a magic wand’ we would aim to reduce traffic congestion by creating more parking spaces around the school. As this is not possible, we all experience some inconvenience each day, with patience and understanding being required.
Please Note: that in the peak parking times before and after school, the Kiss and Drop Zone on Thomas Street is designed to be a quick pull up or quick drop off. It is inappropriate to:
• Sit in your car and wait for your child/ren to come to the car. If your child/ren are not in the zone, please do a lap as a courtesy to other parents.
• Other parents also appreciate it when you pull into the zone that you drive down the zone as far as possible. This allows other parents to come in behind you without any complex parking manoeuvres.

Other Parents’ Children
All parents send their child/ren to school expecting them to be safe and treated respectfully. In this context it is important to note that if you have any issues with someone else’s child that you need to direct your concern to a staff member or a school leader and not aim directly at the child in question. It is inappropriate to:
• ‘tell off’ another person’s child.
• physically touch another person’s child.
Staff members will address any behavioural issue in a respectful, calm manner with any party. Please report if you have a behaviour issue that is of concern to you.

Soccer - Thank You Toni and Coaches
There were lots of excited students this week as students came to collect their soccer tops for Saturday soccer. In 2018 we have 9 teams ready to take the field. This program is not possible without the willingness of parents as volunteer coaches and team managers, many thanks. I also would like to acknowledge Toni Ballard who has taken over the soccer coordination. This week the auditing and distribution of uniforms was the key task.

**Assembly Performances in Term 2**
The Junior Choir will perform in Week 4 (Friday 25th May). In Week 10, Friday July 6th, the Drama Club will host the assembly with performances by the Senior Choir and Room 18 and Room 20 will share what they have been learning in Terms 1 and 2.

**Herman and Rosie Performance for Year 2 – 4 Students**
The Adelaide Symphony Orchestra will be bringing their production ‘Herman and Rosie’ to Nailsworth on Friday 25th May. The music has been written to tell the picture book story and is highly interactive with students learning the songs and movements during music lessons over the next few weeks. Please check that your child has brought home their permission slip and that you have made payment by the due date of Friday 11th May. In Term 4, they will return for a performance for Foundation and Year 1 students.

**Bands and Choirs**
Please note that no further students will be accepted into the bands or choirs at this stage as it will be difficult for them to catch up on everything we have already learnt. However, students will be doing much of this learning in the classroom throughout the year and will be able to join choir or band next year if they would like to.

Please email me if you have questions about anything relating to our Music and Drama program.

**Mother’s Day Stall**
The Nailsworth Primary School PFA will be holding a Mother’s Day Stall on Friday May 11th 2018 (Week 2, Term 2). All classes will be given the opportunity to purchase gifts for their loved one.

Gifts will range from $1 to $5.

We are looking for donations of new and suitable items to be sold on the stall. These can be left in the Uniform Office. A huge thanks to all the families that have left donations for the stall. These donations are greatly appreciated.

Do you have a pile of used gift bags that you are not sure what to do with? Please donate these to the Mother’s Day stall as they are great for the kids to use to “hide” their purchase! These can be left in the Uniform Office.

If you have a spare couple of hours on the 11th of May we could use your assistance on the stall. Please come to the Hall at 8:45am if you would like to help.

Thank you for your support in buying the new OSHC red hat. To purchase your hat please go to the Uniform Shop. If you have any queries please contact me.

**Child care fee assistance is changing**
From 2 July 2018, the Child Care Subsidy will replace Child Care Benefit and Child Care Rebate. Under the new subsidy there are changes which may mean the number of child care hours and amount of fee assistance you receive could change.

All families should have received a letter in April asking them to complete their Child Care Subsidy Assessment. If you do not complete this assessment by 2 July 2018 you will not receive child care fee assistance.

To complete the assessment, you will need to access your Centrelink online account through myGov, then select “Complete your Child Care Subsidy Assessment” from the menu. If you don’t have a myGov account go to: www.humanservices.gov.au/individuals/online-help/create-mygov-account

Once you have created the account you need to link Centrelink with your account (this is done from the myGov account).

**For the assessment you will need to provide the following details:**
1. An estimate of your family income for 2018/2019
2. You and your partner’s activity level
3. School level of your child
4. Confirmation of your child’s enrolment details

You may also need to provide more details such as:
1. You and your partner’s Tax File Number
2. Other evidence as required

Once you have completed the assessment they will confirm with you the amount of child care fee assistance you may be entitled to. If you would like to see an estimate of Child Care Subsidy you may receive, go to: humanservices.gov.au/families

If you require more information about the Child Care Subsidy please go to: humanservices.gov.au/childcaresubsidy or phone 136150.

Yoga and Relaxation Sessions at NPS

This year at Nailsworth I have the absolute pleasure of teaching Yoga and Relaxation techniques to seven classes (193 children) in Year 2, 3 and 4. The children experience moving their bodies mindfully, becoming more connected to their breath and the present moment. They have been exposed to relaxation techniques and positive language to remind themselves how AMAZING they each are.

Following I have compiled just some of the comments children have shared with me, about how they felt after our sessions together. It is so heartening and inspiring to hear the positive responses shared by your beautiful children and to witness their abilities to relax and experience calm, during the time we share.

I look forward to continuing to see them flourish!

SAPSASA Football

Congratulations to Henry Turner in Room 9 who has been selected to play for the North Adelaide SAPSASA Football Team. The week long carnival will be held at Barratt Reserve, West Beach, Week 5 May 28 to June 1. Henry worked hard at three trials to be selected in this team and we wish him all the best.

Well done, Henry!

FRIDAY 18 MAY 2018
ACTIVE KIDS ARE SMARTER KIDS

National Walk Safely to School Day (WSTSD) is on Friday 18 May 2018. Now in its 19th year, it is a campaign and annual event when all primary school children, their parents and carers are encouraged to walk and commute regularly and safely to school. It is a community event seeking to promote Road Safety, Health, Public Transport and the Environment.

Australian children are becoming less active. One substantial contributor is the decline in walking and/or taking public transport to school. Children who are regularly physically active are healthier, perform better academically and less likely to be obese or overweight, which can lead to the long-term and costly risks of heart disease and diabetes etc. Walking regularly is the best exercise because you can build it into your daily routine.

The Objectives of National Walk Safely to School Day are:

- To encourage parents and carers to walk to school with primary school age children
- To promote the health benefits of walking and create regular walking habits
- To help children develop vital road crossing skills and ensure children up to the age of 10 years hold an adult’s hand when
- To help children develop the vital road-crossing skills they will need as they become mature pedestrians
- To reduce car dependency and traffic congestion
- To reduce the level of air pollution created by motor vehicles
- To promote the use of public transport

Thank you for your support and participation.

Pedestrian Council of Australia

Until they’re ten, children must always hold an adult’s hand when crossing the road

Why do students do NAPLAN tests?
The National Assessment Program – Literacy and Numeracy (NAPLAN) assesses literacy and numeracy skills that are essential for every child to progress through school and life.

Students in Years 3, 5, 7 and 9 participate in the annual NAPLAN tests in reading, writing, language conventions (spelling, grammar and punctuation) and numeracy.

The tests provide parents and schools with an understanding of how individual students are performing at the time of the tests. NAPLAN tests are just one aspect of a school’s assessment and reporting process; they do not replace ongoing assessments made by teachers about student performance.

NAPLAN tests also provide schools, education authorities and governments with information about how education programs are working and whether young Australians are meeting important educational outcomes in literacy and numeracy.

What will be tested?
NAPLAN assesses literacy and numeracy skills that students are learning through their regular school curriculum. All government and non-government education authorities have contributed to the development of NAPLAN materials.

To give you an idea of what the tests look like, see example questions at nap.edu.au/naplanexample

How can I help my child prepare for NAPLAN?
Help your child prepare for NAPLAN by reassuring them that the tests are just one part of their school program, and by reminding them on the day to simply try their best. Teachers will ensure students are familiar with the types of questions in the tests and will provide appropriate support and guidance.

ACARA does not recommend the use of services by coaching providers or excessive preparation. NAPLAN is not about passing or failing, but about assessing learning progress.

Participation in NAPLAN
All students in Years 3, 5, 7 and 9 are expected to participate in the annual NAPLAN tests.

Students with disability may qualify for adjustments that reflect the support normally provided for classroom assessments. A formal exemption may be granted for a student with significant intellectual disability and/or significant coexisting conditions, or for a student who has recently arrived in Australia and has a non-English speaking background.

Your school principal and your local test administration authority can give you more information on special provisions or the process required to gain a formal exemption.

Will my child sit NAPLAN on paper or online?
Your child will sit the NAPLAN paper tests in 2018. However, children in some other schools across Australia may sit the NAPLAN online tests this year. Federal, state and territory education ministers have agreed that NAPLAN will move online over the next two to three years. State and territory education authorities will determine when their schools move online.

As students are presented with questions that test the same range of difficulty, regardless of whether they complete the test online or on paper, results for both formats will be reported on the same NAPLAN assessment scale.

To find out more about NAPLAN Online, visit nap.edu.au/online-assessment
What if my child is absent from school on test days?

Where possible, schools may arrange for individual students who are absent at the time of testing to complete missed tests at another time during the testing week. Individual students are not permitted to sit tests after Friday 18 May 2018.

How are NAPLAN test results used?

- Students and parents may use individual results to discuss progress with teachers.
- Teachers use results to help them better identify students who require greater challenges or additional support.
- Schools use results to identify strengths and weaknesses in teaching programs and to set goals in literacy and numeracy.
- School systems use results to review programs and support offered to schools.
- The community can see average school NAPLAN results at myschool.edu.au

Where can I get more information?

For more information about NAPLAN:

- contact your child’s school
- contact your local test administration authority at nap.edu.au/TAA
- visit nap.edu.au

For information about how personal information for NAPLAN will be handled by ACARA, please visit nap.edu.au/naplanprivacy

How is my child’s performance measured?

Individual student performance is shown on a national achievement scale for each test. A result at the national minimum standard indicates that the student has demonstrated the basic literacy and numeracy skills needed to participate fully in that year level. The performance of individual students can be compared to the average performance of all students in Australia.

A NAPLAN report will be issued by your school later in the year. If you do not receive a report, you should contact your school.
