This term we have introduced some new and exciting play areas and activities for students to discover around the school. We are calling them our ‘Pop-Up Play Areas’! We have opened up the front area of the school along Balfour St for the Junior Primary students at recess. This area is now supervised by a yard duty teacher and students can enjoy exploring and taking care of the natural space. They can use watering cans to water the plants, collect special leaves and interesting things in baskets, use buckets to paint with water, draw with chalk and have fun playing with different props and toys such as dinosaurs, animals and construction objects.

There is also an outdoor kitchen with pots, pans, gum-nuts and pinecones for students to mix up and cook special potions, cakes or other yummy treats. We have also set up 2 large treasure chest looking boxes to store sandpit equipment and big wooden blocks for all students use at play times. It has been wonderful to see how creative our Foundation to Year 7 students are and the different ways they have found to make things with the big blocks already - from using the blocks for car ramps, cities and mazes to making the Great Wall of China and a giant game of Jenga. Something as simple as a piece of wood can turn into anything you want it to be when using your imagination. Keep an eye out for our new play spaces ‘popping up’ around the school!

The SRC are excited to be involved in a new school project that will promote friendship and feeling safe at school. Outside Mrs Ballard’s office there is an area that we will be creating into a Friendship Corner. This will be a place to feel safe, a place to go to when you are feeling low or a place for friends to meet and to sit and talk. More information will be given to classes in the weeks to follow.
