

Personal Empowerment Program

Role of the Team Leaders:

Each team of approximately 5 participants has a Team Leader. The Team Leader plays a significant role in facilitating each participant's journey through the program. They are participant's first contact for inspiration, support and guidance. Being a Team Leader is an opportunity to empower your teammates by:

- Building a strong sense of team spirit and community
- Building trust and creating a space for open, honest and generous sharing
- Contributing/linking back to program goals
- Sharing yourself, being generous, leading by example
- Supporting your team at all times of the program, and being available to participants during break times
- Supporting each individual in the team – referring to coaches if necessary
- Creating powerful facilitation sessions & debriefs within the team (i.e. debriefs, reflection, adding depth to session concepts)
- Communicating concerns/queries to your Coach and PEP Supervisor

You will have a number of unique opportunities to foster this empowerment process over the course of the program. Some of these times include:

- The beginning of each day for 'check-in' & end of day debriefs
- Team work challenges, games & High Ropes course
- Various sessions as outlined in the program

You will be supported by a professional life coach dedicated to you and your team throughout the program as required.

Preferred candidates for this role would have recently returned from leading a program with World Youth International, and/or had previous team leading experience, and/or have been a previous participant at PEP.

This is a volunteer position. Successful applicants are required to organise their own travel to/from Melbourne. Accommodation, food and airport transfers are included.

For more information, please contact Cindy Angel at pep@worldyouth.org.au.
