Disclaimers and Exclusions

**The information contained in this report was extracted from the books and records of the Body Corporate Manager. Implied Warranties, defects and other matters included are applicable to the 12 month period preceding the date of this report. There is a possibility that all of the Body Corporation records may not have been made available for inspection, or the records may not have contained all of the information of interest to the Purchaser or Mortgagee. Body Corporate Reports will not accept responsibility in either event. It is highly recommended that any purchaser obtain a Full Strata Inspection Report, which includes an extensive building history and a complete record of matters of interest to the buyer.

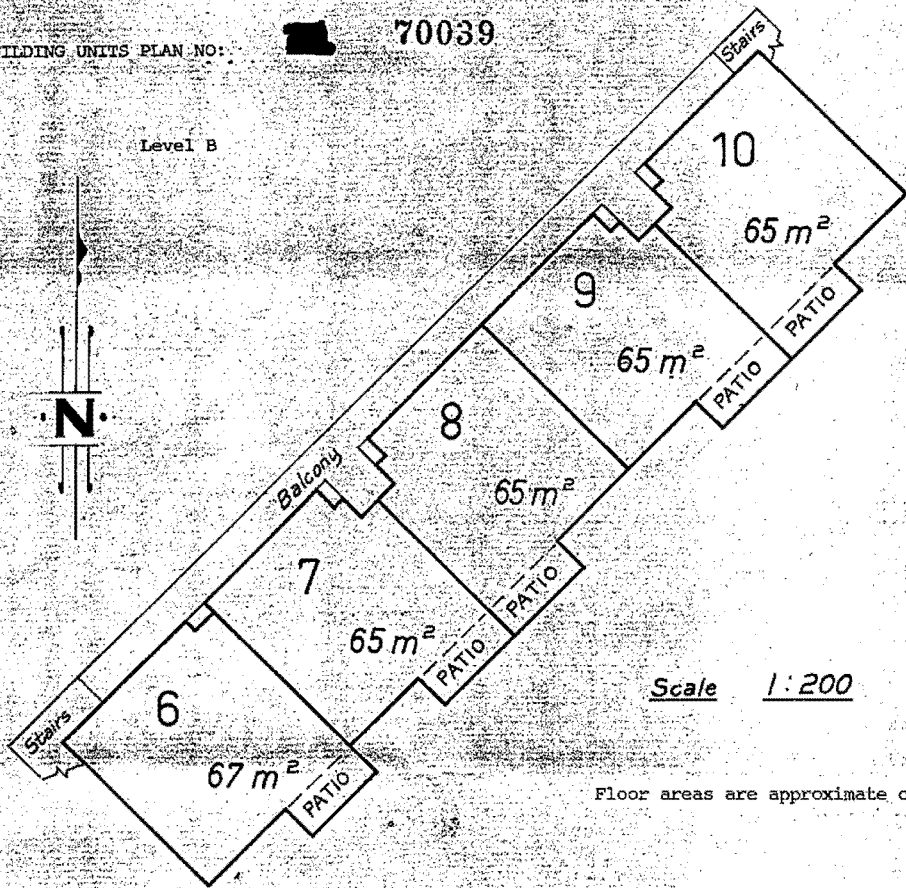

GST - our reports are a reflection of the books and records of the Body Corporate Managers. Most Levies are shown inclusive of GST, however GST is NOT always included in levies on some buildings. Where this is the case, we will clearly reflect that in our Levy Notes/Other directly underneath the total annual contributions shown as "The above Levies are plus GST".

Other important information that could help save a young child's life

It is the pool owner's responsibility to ensure that the pool (including the barriers for the pool) is properly maintained at all times to comply with the pool safety standard under the *Building Act 1975*. Gates and doors giving access to the pool must always be kept securely closed while they are not in use. High penalties apply for non-compliance. It is essential that parents and carers carefully supervise young children around swimming pools at all times. Parents should also consider beginning swimming lessons for their young children from an early age. Please visit www.qbcc.qld.gov.au/home-building-owners/pool-safety for further information about swimming pool safety. This pool safety certificate does not certify that a building development approval has been given for the pool or the barriers for the pool. You can contact your local government to ensure this approval is in place.
