Manufactured to stringent quality standards, Flipstick comprises of a tough, durable aluminium stem and a high quality moulded plastic seat/handle.

A simple press of a spring-loaded button securely “locks” the seat/handle into position for either walking or sitting. A large non-slip rubber foot will cope with most indoor and outdoor surfaces.

Weighing less than half kilo, Flipstick can safely support up to 130 kilos (280 lb).

The Original Flipstick is a rigid dual-purpose walking stick that simply converts to a comfortable seat.

The Fold-Away comprises of 4 interlocking aluminium stem sections joined together with a polyester covered rubber shot-cord running through the centre.

- A lightweight cane for walking
- A comfortable seat for relaxing
- A sturdy perch for viewing
- Simply the best walking stick seat

When not in use the Fold-Away can be stored in its own small triangular bag that can be carried over the shoulder, around the waist or simply in the hand.

Flipstick available for

\$ 95.00 inc GST (Standard)

\$105.00 inc GST (Adjustable)
